

50 MHz to 3 GHz, standard probe for EMF-839

HIGH FREQUENCY PROBE for RF EMF METER EMF-839

Model : EP-03H

ISO-9001, CE, IEC1010

FEATURES :

- * 50 MHz to 3 GHz
- * Each probe ship along with one calibration card to save the probe calibration data.
- * When change the probe, new calibration procedures are not necessary.
