

50 MHz to 3 GHz, standard probe for EMF-819

HIGH FREQUENCY PROBE **for RF EMF METER EMF-819**

Model : EP-05H

ISO-9001, CE, IEC1010

FEATURES :

- * 50 MHz to 3 GHz
- * 3 axis probe.
- * Each probe ship along with one calibration card to save the probe calibration data.
- * When change the probe, new calibration procedures are not necessary.
